When we build the survey to send out, we put a notice that by providing their contact information they give us permission to share it with the club for this specific reason.

Highly recommend doing one! It gave our club a great start on where to try to meet people! It also gave us an opportunity to ask if people wanted to get more involved! It really triggered our strategic planning that Lauren mentioned and our first ever actual club election 😊

Regarding trivia- Richa with the Austin club designed an online Purdue trivia event.

From Tom Szczepanski and the NW Indiana Dunes State Park Hike:

This past weekend we had our 2<sup>nd</sup> annual hike at Dunes State Park. Last year we were fortunate to have Dan Barriball a naturalist from the Nature Center. Our hike was from the Nature Center to the Dunes shoreline. His topic was "Beach Mysteries, What Washes up on the Shore". It was about a two-mile hike. This year the Dunes and Nature Center was limited on weekends and could not accommodate personal groups. On the weekend they generally have two open programs, one at 10:00 am and one at 2:00 pm. We had our hike at 10:00 am lead by our own Alumni Baltimore Ortega. He is a very experienced hiker and biker. He hikes from East to West Coast and joined us on the first hike and offered to lead us this year. He has vast knowledge of the ecosystem and led us on about a mile and a half hike to one of the Dunes most lovely places overlooking the lake. We provided bananas, apples, granola bars, and water. Mostly donated by the local Jewel store. Alumni had the option to stay for the second program or check out other places at the State Park. This is a hidden gem in our area. Cost was the entrance fee.
