Game Watch QR Codes

The game watch QR codes help alumni and friends, alumni clubs, and Purdue in engagement. Alumni and friends receive the credit they deserve for supporting the alumni club and the University. Encourage attendees to submit the 4-question form. This also helps the alumni club with its engagement score and tracking of events and attendance.

How to scan a QR code with the Camera app:

1. Open the Camera app from the Home Screen, Control Center, or Lock Screen.

2. Select the rear facing camera. Hold your device so that the QR code appears in the viewfinder in the Camera app. Your device recognizes the QR code and shows a notification.

3. Tap the notification to open the link associated with the QR code

Alumni and friends who attend a game watch will be entered into a Purdue Prize Pack drawing, donated by the John Purdue Club. Their attendance will also be updated within Purdue Connect. Information from the QR code will be shared with the alumni club, John Purdue Club, and additional teams within Purdue for Life Foundation.

Please note: Sharing of information and updating attendance may take 2 – 3 weeks after the game watch.
