Boilermakers,

Your steadfast commitment and generosity provide the foundation for everything we strive to accomplish in Purdue Athletics. Because of your support, we continue to provide our student-athletes with the opportunities and resources they need to succeed in competition, in the classroom, and in their lives beyond Purdue. You are the driving force behind every achievement, and for that, we are ever grateful.

Our student-athletes continue to inspire us with their excellence and determination. This past year, they achieved an impressive 100% placement rate upon graduation, a testament to their hard work and the comprehensive support systems you help make possible. In the classroom, they maintained a cumulative GPA of 3.20, while more than 228 Boilermakers earned Academic All-Big Ten honors—an achievement that reflects dedication to balancing academics and athletics in the long-established Purdue tradition. Beyond academics, our student-athletes remain committed to serving the community, contributing over 2,000 hours of leadership and outreach through programs like the Connors EMPOWER Program, which helps prepare our student-athletes for success beyond Purdue through career development and leadership training.

As we move forward, we do so with a clear understanding that the landscape of college athletics is evolving in significant ways. The scope of this evolution will bring new opportunities and challenges, and your continued support will be critical to our ability to adapt, thrive, and maintain the level of competitive excellence we all expect. Through the Forging Ahead campaign, we remain focused on equipping our coaches and student-athletes with the tools, facilities, and resources they need to achieve at the highest levels.

As we look ahead, we are excited about the future of Purdue Football under the leadership of head coach Barry Odom. His proven experience and determination position us well for the next chapter of success and achievement that makes us all proud to be Boilermakers.

Thank you again for your passion, loyalty, and belief in Purdue Athletics. Your support inspires us every day, and together, we will continue to build on the legacy of excellence that defines the Boilermaker spirit. I look forward to celebrating all that we accomplish together in the year ahead.

“

*My time at Purdue set the foundation for my future. Competing at the highest level while winning back-to-back National Player of the Year honors, reaching our first Final Four in 44 years, and playing in the National Championship taught me what it means to strive for greatness. The unwavering support from my coaches, teammates, and the entire Boilermaker community shaped me as both a player and a person. Purdue gave me the tools to succeed on and off the court, and I'm incredibly grateful to carry those lessons into my professional career in the NBA.”*

Now, as Purdue Softball's first-ever Director of Player Development, Kate combines her analytical mindset and competitive spirit to help Boilermakers excel both on and off the field. From individualized growth plans to game preparation, her innovative approach positions the program for even greater success.

Through the Forging Ahead campaign, the John Purdue Club and Purdue Athletics aim to drive innovation in recruiting, retaining, and developing championship-caliber teams across all 18 Boilermaker sports. TO LEARN MORE

As college athletics enters a transformative era, Purdue is uniquely equipped to lead, ensuring we operate at the highest level across every aspect of intercollegiate athletics. While many programs across the country are scaling back and minimizing support for certain sports, our goal at Purdue is clear: we will continue to provide top-tier support for all our teams. As the revenue sharing cap is implemented, Purdue will be positioned at the top, fully utilizing the available resources, while competitors who have been outspending the cap will be required to scale back. With the support of the Boilermaker community, we will navigate these changes and secure Purdue's place at the forefront of collegiate excellence.

### HOUSE SETTLEMENT

Recent legal and legislative changes have redefined the future of college athletics. The House settlement represents a major turning point, focusing on enhanced rights and benefits for student-athletes. Purdue Athletics is prepared to fully embrace these changes and strengthen our competitive edge. Our ability to adapt while upholding athlete-focused reforms will ensure we remain leaders in this evolving landscape.

### REVENUE SHARING

Starting July 1, 2025, revenue sharing will fundamentally change how athletic departments allocate funds. Purdue Athletics is ready for this shift, maintaining a focus on sustainability and excellence. We are committed to staying competitive within the new financial structure, ensuring that rising costs are met while continuing to provide the best experience and resources for our student-athletes.

### MANAGING THE TRANSFER PORTAL

The NCAA Transfer Portal has altered how teams are built, presenting both challenges and opportunities. Purdue Athletics is focused on maintaining a winning environment that attracts and retains the best talent. We are committed to providing the support and resources our student-athletes need to thrive in this new era of mobility, preserving Purdue's reputation for excellence and championship-caliber teams.

### SCHOLARSHIP AND ROSTER CHANGES

The transition from scholarship limits to roster limits beginning in the 2025-26 season will change how scholarships are allocated. While this shift won't automatically increase scholarships, they remain essential to attracting and retaining elite talent. Your support is critical to maintaining and strengthening Purdue's scholarship programs, ensuring we stay competitive in recruiting top athletes across all sports.

### FORGING THE PATH AHEAD

The rapidly evolving landscape of college athletics demands innovation and adaptability. Purdue Athletics is forging ahead, embracing these changes to stay at the forefront of collegiate competition. Your investment in scholarships, facilities, NIL programs, and student-athlete development is crucial to ensuring Purdue leads both on and off the field.

As we navigate this transformative era, the support of our John Purdue Club members has never been more important. Your generosity empowers us to operate at the highest level, providing the resources our student-athletes need to succeed. Together, we can forge Purdue's legacy of excellence in this new era of college athletics.

*Note: All information is subject to change pending the final resolution of the House settlement.*

MEN'S BASKETBALL  
SEASON TICKETS

There are two types of renewal processes used for men's basketball. The first is our standard renewal process used four out of five years. The second process is called a reseal, and it is utilized every five years.

Standard renewal process:

- » Current season ticket holders renew their season tickets before the deadline in summer of 2025 and can request an upgrade or additional season tickets up to their limit.
- » John Purdue Club members without season tickets can pay a single \$100 deposit to get on the season ticket waitlist.
- » Season tickets not renewed by the deadline are dropped from accounts.
- » John Purdue Club members who have requested upgrades and new season tickets are ranked by John Purdue Club priority points, and open seats are filled starting at the top of that list until all open seats are filled.

For the 2024-25 season, the point totals needed were as follows (depending on quantities needed):

- » To obtain new season tickets: approximately 1,100 John Purdue Club priority points
- » To obtain lower arena seats: approximately 2,400 John Purdue Club priority points

SCHEDULE OF RENEWAL PROCESS				
2025	2026	2027	2028	2029
STANDARD RENEWAL PROCESS	STANDARD RENEWAL PROCESS	RESEAT	STANDARD RENEWAL PROCESS	STANDARD RENEWAL PROCESS

WOMEN'S BASKETBALL SEASON TICKETS

Women's basketball season tickets are handled similarly to the standard renewal process for men's basketball, as currently there are no reseats scheduled. Season tickets and premium seating will be available for purchase during the renewal window in the summer of 2025.

To inquire about availability, please contact your Boilermaker Athletics Representative or the John Purdue Club at 765.494.2582.

Reseating process:

We schedule a reseal every five years for all non-premium season tickets to provide a path for loyal members to improve their seating over time. We also do the reseal to provide a clear road map for recent grads and new John Purdue Club members to understand how they can obtain better seats, while encouraging everyone to continue to support our student-athletes over time. The last reseal took place in 2022, and the next one will happen in 2027.

The reseating process goes as follows:

- » All current season ticket holders are ranked by John Purdue Club priority points and assigned a time slot according to those rankings. Time slots are sent out ahead of the reseal.
- » John Purdue Club members interested in purchasing new season tickets can be added to a waitlist. New members are placed at the end of the reseal process to ensure that current season ticket holders do not lose the opportunity to purchase season tickets.
- » Season ticket holders and those on the waitlist sign in at their timeslot and select the seats they would like from a 3D map. Payment is required at that time.

*This process is subject to change.*

BASKETBALL SEASON PARKING PASSES

Season parking passes are available for John Purdue Club members who are season ticket holders. The assigned lots are determined based on availability, John Purdue Club membership level, and priority points within that level. More information will be available in tandem with season ticket information during the summer of 2025. Scan the QR code to learn more.

### A LEGACY OF EXCELLENCE AND CONNECTION

Operating under the umbrella of the John Purdue Club, Varsity P is a distinguished community dedicated to athletics alumni who continue to embody the Boilermaker spirit. Membership is open to former varsity student-athletes, managers, coaches, athletic trainers, practice players, and spirit squad members. Alumni do not need to have lettered or graduated from Purdue to join, reflecting Varsity P's inclusive commitment to honoring all contributors to Purdue Athletics.

We are proud of those who wore the Old Gold & Black and now choose to give back. Varsity P offers members the opportunity to stay engaged with Purdue Athletics, celebrate their legacy, and invest in the future of Boilermaker student-athletes. Through exclusive benefits and events, Varsity P fosters lifelong connections among its members and the broader Purdue community.

As we look to build upon our athletics alumni experience, Varsity P is proudly led by:

## SUPPORTING PURDUE ATHLETICS THROUGH NIL OPPORTUNITIES

Purdue Athletics is united in our mission to support student-athletes as they navigate the evolving Name, Image, and Likeness (NIL) landscape. Two integral components of this effort are the Boilermaker Marketplace and the Boilermaker Alliance, each designed to empower student-athletes while fostering stronger connections within the Boilermaker community.

### Boilermaker Marketplace

The Boilermaker Marketplace, managed by Purdue Athletics, is a direct exchange where businesses, fans, and supporters can collaborate with student-athletes for NIL opportunities. Whether it's sponsorships, appearances, or endorsements, the Marketplace provides a streamlined and compliant way to support our athletes. To learn more about the Boilermaker Marketplace, visit [boile.rs/BoilermakerMarketplace](https://boile.rs/BoilermakerMarketplace).

### Boilermaker Alliance

The Boilermaker Alliance takes a broader approach to NIL, pooling resources from donors and businesses to create impactful opportunities for student-athletes. By supporting the Alliance, you help our athletes maximize their potential, both on and off the field, while reinforcing Purdue's competitive edge.

As the NIL era continues to transform college athletics, Purdue remains committed to leading from the front. Supporting the Boilermaker Alliance ensures our student-athletes thrive academically, athletically, and professionally, positioning Purdue as a national leader in collegiate sports.

Your investment in the Alliance:

- » Enhances opportunities that attract and retain exceptional talent.
- » Equips student-athletes with the tools to succeed beyond the game.
- » Strengthens the Boilermaker legacy of excellence.

To learn more about the Boilermaker Alliance, visit [boile.rs/BoilermakerAlliance](https://boile.rs/BoilermakerAlliance).

### JPC Points and Unused Funds:

- » Contributions to the Boilermaker Alliance will earn you John Purdue Club priority points, which will be added once the revenue share structure is implemented. This ensures that your support directly benefits both the athletes and your engagement with Purdue Athletics.
- » Should a change occur resulting from the resolution of the House settlement, any unused Boilermaker Alliance funds will be directed to the John Purdue Club, further supporting the long-term success of Purdue Athletics and its student-athletes.
