

WHAT'S NEXT

1 Relax. Congratulations! You're a Purdue University Graduate! Boiler Up! The hard days of studying are over and you will notice so much free time on your hands. Enjoy it. Start a new hobby or rediscover an old hobby.

2 Network. Get to know your new colleagues and neighbors. Most likely, you will start meeting people from all over the world, away from your Purdue community. Ask your new friends about their education, overall career, and extracurriculars.
Learn how you want to build your path to success.

3 Start researching your next steps. Whether you are considering furthering your education right away or down the road, start researching. Your Alma Mater guided you through success and have 200+ online and hybrid programs to help you keep learning. Ask your employer about tuition reimbursement and education payment plans.

GRADUATE CERTIFICATE, LICENSURES, AND DEGREES

COLLEGE OF AGRICULTURE

- Biotechnology Quality & Regulatory Compliance
- BIRS
- Food & Agriculture Management (MS/MBA)
- Spatial Data Science

COLLEGE OF EDUCATION
