

# FOOTBALL PARKING ENHANCEMENTS

We are excited to announce new measures to enhance the process by which John Purdue Club members request parking, providing more transparency and ensuring that our best parking passes remain in the hands of those who support Boilermaker student-athletes.

All parking for the 2021 season will be renewable starting in 2022 for those who maintain their John Purdue Club membership level and remain above the level and number of tickets required to maintain their parking passes. Lots will be grouped into “Gold” and “Black” lots. All parking passes are subject to one per four tickets, but additional limits are in place on Gold lots by JPC level with the remaining passes being allocated in the Black lots.
